New York Rice Market.

New York Rice Market.

From the bally Bulletin, Saturday, July 29: The market is not very active, but still the general movement may be called fair, and the market is sustained, with a fittle firmer tone if apything on domestic, and the offerings not large. Sales of 75 lierces Carolina at 8a9%c, and 350 bags, mostly Rangoon, at 6%a7%c.

From the Journa of Commerce: For the better grades of domestic there is, if anything, a little cetter call, and as the supply is small, prices tend to favor sellers. Common and medium lots are neglected. In foreign there is a moderate trade for helders use; Rangoon is steady, but Patina 1 not in favor at the mom n1 and rules heavily. The sales are 300 bags Rangoon and Parna at 6%a 7c, and 75 tierces Carolina (good to prime) at 8a9c.

New York Hay Market. From the Daily Balletin, Saturday, July 29: Receipts to day 1925 bales. With continued light receipts of prime shipping grades and orders coming forward from the South freely prices have been advanced, and the close is firm at the advance. The sales are 130 bales for Fernandina at \$1 15a1 20; 50 bales for Georgetown, S. C., at \$1 20; 25 do for Bermuda at \$1 20, and 100 do for Norfolk at \$1 25, closing at this price. Retail is firm. Straw is lower for long rye.

New York Naval Stores Market. New York Naval Stores Market.
From the Journal of Commerce, Saturday, July 29: The market for spirits turpentine is held with more confidence. The inquiry is rather more liberal for full parcels, with prices quite uniform: 55½,656 the asking prices for merchantable order at the close, with sales of 113 barrels on dock at 55c, 95 barrels, at 55c, 25 barrels, 25 barrels at 55½, 25 barrels, to arrive 35c, 50 barrels, do; at 55½c, and 200 barrels in shipping order on private terms, supposed at 58c. Rosins—the market is still very quiet for strained, with only a few lots selling for shipment. Fine grades are decidedly in the seller's favor, with some inquiry, and not much stock offering. Sales embrace 500 barrels strained, in yard, at \$3 12½, and 110 barrels do at \$3 10. We quote strained at \$3 10a 312½, No. 2 \$3 25a3 60. No. 1 \$3 75a4 50, pale \$4 75 45 30, extra pale \$5 75a7 15. 15 30, extra pale \$5 75a7 75.

Wilmington Market. WILMINGTON, July 29.—TURPENTINE.—Sales of bbis at \$4 85 for virgin, and \$3 85 for yellow iip, per 280 lbs, SPIRITS TURPENTINE.—No sales reported.

Rosin.—Only 319 bbls reported as sold at \$2 40 or strained; \$5 50 for extra No 1, and \$6, \$6 26a 62% for pale. TAR.—42 bbls sold at \$3 per bbl. COTTON.—No sales reported.

ATTENTION IS RESPECTFULLY CALLED TO the NEW NON-POISONOUS and ODORLESS DIS-INFECTANT and ANTISEPTIC,

(Chloride of Aluminium, the Saline Antiseptic harmless as common sait.)

The Lancet, August 27th, 1870, says of this preparation: "It is quite as potent as Chloride of Zine or Carbolic Acid, and is at the same time non poisonous and devoid of unpleasant smell of every kind. These qualities will, no doubt, insure its being extensively used, and at no distant date we may expect it to displace the antiseptics which are at present in vogue."
